World Bank support mission to ECOWAS: progress in implementing the FSRP

View of participants in the World Bank support mission to ECOWAS

The World Bank regional team conducted a support mission to the Food System Resilience Programme in West Africa (FSRP) at ECOWAS from 25 to 26 August 2025... [Read more](#)

NEWS FROM COUNTRIES

Niger: 9,025 kits distributed in four regions to support women processors

Donation ceremony for women processors

As part of the implementation of the Food System Resilience Programme (FSRP), funded by the World Bank through the IDA, the Government of Niger has launched an ambitious initiative to strengthen the economic autonomy of women processors and increase their active participation in agricultural value chains... [Read more](#)

Senegal: Strong mobilisation of regional stakeholders following the FSRP's national tour on Matching Grant

An awareness-raising and discussion session with stakeholders

Senegal's Food System Resilience Programme (FSRP) continues to move towards the operationalisation of the matching grant mechanism. Following the national information and awareness-raising tour organised in Senegal's thirteen (13) regions... [Read more](#)

Sierra Leone: Distribution of 45 motorcycles to strengthen agricultural extension services with the support of the FSRP

The Ministry of Agriculture and Food Security (MAFS), through the World Bank-funded Food System Resilience Programme (FSRP) in West Africa, has handed over 45 new motorcycles to agricultural extension officers in Sierra Leone's agricultural districts... [Read more](#)

Sierra Leone: Young people in Kono District transform unproductive land into sources of food and income with support from the FSRP

In Sierra Leone, one of the biggest challenges facing young people in the agricultural sector is access to land and finance, which limits their ability to engage in large-scale commercial farming. Yet, with more than 62.5% of the population under the age of 25... [Read more](#)

Chad: A communication strategy validated to support food resilience

Constructive discussions led to amendments to the strategy document prior to its validation

An important milestone has been reached in the West Africa and Sahel Food System Resilience Programme in Chad (FSRP-TD), with the official validation of its communication and knowledge management strategy... [Read more](#)

Togo/Child nutrition: 17 women's cooperatives obtain their health certificates

Representatives of the 17 women's cereal processing cooperatives welcomed this training, which will boost their activities in the field.

In the villages and prefectures of Togo, a quiet revolution is underway: healthier food for children and a better future for women.

Specialising in the production of infant flour enriched with moringa, néré or orange-fleshed sweet potato (PDCO), seventeen (17) women's cereal processing cooperatives... [Read more](#)

Togo: Launch of reforestation operation with 4,100 fruit trees in Yanda in the canton of Badin

The reforestation operation has been embraced by both local communities and decision-makers

In Yanda, a town located 280 km northeast of Lomé, a reforestation operation was launched as part of the implementation of Integrated Landscape Management (ILM), promoted by the West Africa Food System Resilience Programme (FSRP)0... [Read more](#)
